

Break-out furniture

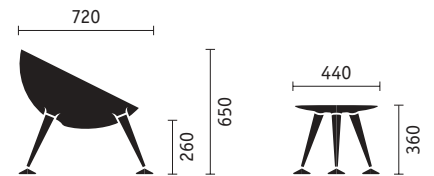

turtle club

Lounge furniture

Plastic lounge chair and occasional table, available in three colours (picture: rosso), with aluminium legs in polished finish or powder-coated in white aluminium (suitable for outdoors)

These imaginative hemispheres on 4 filigree legs make their debut in a range of three complementary colours (cream, anthracite and rosso), designed for use in reception and waiting areas, communication zones, lounges, bars, the home and even outdoors. The inviting shells promise spacious sitting comfort, the conically tapering legs on round plate feet give the impression the hemisphere is hovering.

The through-coloured hemispheres and table tops are made of weather-resistant polyethylene. An anthracite-coloured microfibre cushion is also available.

Design: Matteo Thun
